INTRODUCTION

John Fitzgerald Kennedy once said, "It is time for a new generation of leadership, to cope with new problems and new opportunities. For there is a new world to be won". This quote really captures the essence of life of today's high school student. Decisions face them daily that they need to make and problems they need to cope with. Many ways exist that we could follow; however, when the time comes, we can only choose one road. The chosen path may or may not be the right one for us, but it is reassuring to know, regardless of our choices, when "one door closes, another door opens."

School Doors Open

Of all of the school days in a new year the first one is always exciting. Each class comes with a different attitude. The Seniors are sophisticated, Juniors jolly; Sophomores confident; and Freshmen, generally perplexed. All students are scheduled to get their class program, ID photo, year-book photo, and finally attend a general presentation of reminders about school life/regulations/policies. The Freshmen get a special tour of the school with the hope of their remembering some of these places when school actually begins. The major importance of Orientation Day, how-

ever, has nothing to do with school as far as the students are concerned. The gathering of friends from the previous school year is the real highpoint of the day. There just isn't enough time to share and catch up on summer happenings. It won't take long, however, before summer will be forgotten and the activities and school work of the new year will be the important item of "gossips" during class changes, lunches, and before/after school times. This is where school life really goes on! Corridor conversations concentrate on cool comments!

Freshmen look wildly enthusiastic at the Orientation Day assembly.

Christopher Crowell helps Mary Walsh, McDonald's photographer, set up apparatus for yearbook picture taking.

Jo Ann Romeo asks for help from Dr. James Rosenberger, Counselor, concerning her class schedule.

Administrators huddle over schedules as students line up to get their class schedules.

The Dietary Staff smiles on their way to get their picture taken for the yearbook.

Everyone seems to be saying tauntingly, "We're Back!"

NINETEEN '93
Christmas Ball

Winter "Knights"

This year the formal dance sponsored by the Tennis Club and usually held in January was held a month earlier on December 18, 1992. Due to some problems with booking a facility it was decided to try a new place for this winter formal gala. The Winter "Knights" dance was held at the community center within the Scottsdale Mall on Ireland and Miami. Festivities started with the glorious entrance of everyone decked out in their Christmas finery. December 18th was the last day of school before the beginning of Marian's Christmas vacation and therefore, the day was filled to the brim with closing

and opening activities—the closing of the school day and getting ready for the dress up parade of those attending. Students always like to take a posed picture to make sure they remember this very eventful and fun-filled evening spent with Marian students, their friends, and faculty chaperones. This dance was a great way to kick off the many activities that occur during the two week vacation. A vacation from school books it is, but not from the wonderful extra activities held at the school. Marian is truly a "home" away from home during the holidays.

Building a Faith Community

Marian High School is special in many ways. One in particular and of greatest importance to the Marian student life is ritualizing their religious beliefs. Worship and prayer are essential to our school community in a given year. At least once a month the school joins in prayer and song to recall some important feast day, Church celebration, seasonal reconciliation, or Ecumenical prayer service. The Marian Community prays together and gives praise to God for all the gifts and graces given to the school family. Like everything else learned at Marian, the students put their knowledge of faith into practice.

The handsome junior, Scott Drost takes time out from praying to give us a dazzling smile.

This is yet another wonderful picture of Father Daryl getting ready for the mass.

These three young women are offering up the gifts from God.

Big Heart, Helping Hand

Learning about the Catholic Tradition can be purely academic like studying the beliefs of any religion. However, at Marian the students take seriously the importance of the teachings of Jesus by applying those beliefs in their community services. Students share their talents and time to help others both inside and outside the Marian Family.

Within the school students help others through the National Honor Society's tutoring program. Annually, the school sponsors a food drive and monetary gifts for food which Marian shares with families in the area. Faculty members and students deliver these gifts of food a few days before their Christmas break.

Homecoming was great. The participation of the classes to make the floats was excellent. Some alumni that I talked to said that it was a great idea and had not been done for ten years."

—Jason Tricker

Friday, October 9, 1992 was a "blue and white" ribbon finale for Marian's Homecoming Week. The entire week's activities were both enthusiastic and spirit jammed. Each day students dressed up according to a given theme: Farmer's Day; Decade Day; Clash Day; Class Theme Day; and lastly, Dress-up Day. The outfits were eye-catching and outrageously funny.

The return of Class floats to the parade was a welcomed sight for students and alumni alike. The Royal Court circled the field as the colorful motorcade was greeted by the cheers of loud and exuberant fans of Marian's loyal family. Spirit Reigns!

King Chris Macri and Queen Nikki Lower greet the Homecoming crowd with a smile.

You Can't Take It With You

Every year, Mr. Robert VanGoey takes time out from his busy and exhausting social life to produce the annual fall play at Marian High. In 1992, Mr. VanGoey and the Marian Drama Club Members brought "You Can't Take It With You," the award winning play by George S. Kaufman and Moss Hart, to the Marian stage. The play manages to be both funny and thought provoking in it's story of the household of Martin Vanderhof, played by D.J. Purcell, an eccentric old man who is content with the simple things in life, and refuses to be swept into the traps of the business world. The rest of his relatives and friends

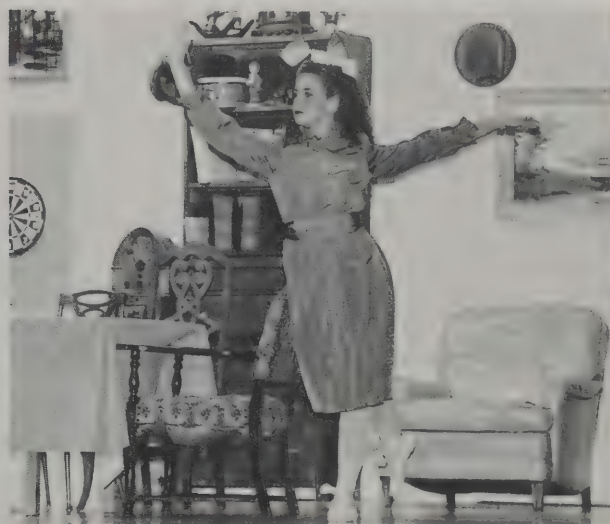

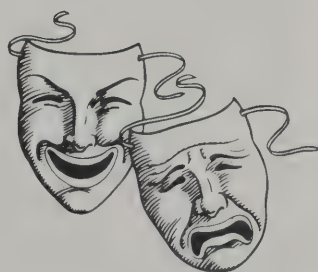

who live in his house, make up a group of completely different individuals who also manage to come together as a very close family.

Threatening the relaxed and happy way of life of the Vanderhof Clan is Henderson, the tax man who is not at all amused with Martin's refusal to pay taxes because he "doesn't believe in them" and the rich, snobby family whose son has become engaged to one of Martin's granddaughters. However, through a series of hilarious events, all ends well, and a splendid time is had by all.

Students' Spirit Superb!

Marian doesn't need it's very own groundhog to tell us it's February. We have Spirit Week to spur us on through the mid-winter blues. Spirit Week (Jan. 31-Feb. 5) ran simultaneously with Catholic School Week this year which doubled the hoopla of the week. Having 245 perspective Freshmen as visitors during Spirit Week added an indescribable dimension to all the festivities. Besides theme days the week was topped off with a Pep Rally held at the end of the school day on Friday; and the grand Finale of the presentation of the King and Queen of Spirit Week and their court. The special program took place before the Varsity game between Marian and Glenn on Friday evening. The icing on the cake was the post game dance held in the school cafeteria which was sponsored by the Foreign Language Clubs.

From beginning to end, spirit galore, no one can do it better than Marian students. Spirit is our middle name.

Checking Out Who We Are!

The Retreat Program at Marian High School is a unique experience designed for all students. The program is under the direction of the Rev. Daryl Rybicki, Rev. Andre Leveille, and Mr. Michael Piechnik of the Theology Department with the help of faculty members and Junior/Senior team leaders. The Freshmen retreat was held during the last week of September while the Sophomore retreat was held on November 4, 1992. Both retreats began at St. Hedwig Church with an Eucharistic Liturgy. The remainder of the day included time to reflect, discuss, pray, and make individual resolutions. The real results of the retreat are not always evident on that day. This special day away from regular classes help to unify classes as they get to know each other better. Programs like the retreat days make our school very special.

Elvis Has Returned!

On March 26, 27, 28, 1993 the Marian Drama Department presented "Bye Bye Birdie." First staged on Broadway in 1960, the plot of the Michael Steward musical centers around the frenzy that was created over the induction of Elvis Presley into the Army. In this particular story, a business manager, Albert Peterson, along with his secretary, Rose Alvarez devise a lucrative scheme in which their idolized singer, Conrad Birdie, is to give a farewell kiss to an average American teenage girl before he departs. Once the girl, Kim MacAfee from Sweet Apple, Ohio is selected, however, the trouble for Albert, Rose and Conrad begins.

Originally played by Dic VanDyke in the 1960 production, the role of Albert Peterson was portrayed by Jason Tricker. Jill Switzer played the role of the love-stricken secretary Rose Alvarez. Aaron Budzinski plays the troubled singer Conrad while Jenny Tricker is the average American teenager, Kim MacAfee. The remainder of the cast included Michelle Bachtel and Matt Tricker as Mr. and Mrs. MacAfee, Kate Knopick as Mae Peterson, Brendan Hammer as Hugo, Katie Cochrane as Ursula Merkle, Erik Kushto as Randolph MacAfee, Nick Dwyer as Mr. Johnson, Christopher Killilea as the Mayor, and a Chorus of many talents. Mrs. Milligan, Megan Stifel, and Susan Fischesser share a relaxing moment at Senior Retreat.

For underclass retreats are a one-day event that emphasizes community, respect for each other, and trust in each other. Junior and Senior retreats, however, are more intensive. Its mostly an examination of the past successes and mistakes, and a time to let go and be themselves. This is also a time for Seniors to review their four year experiences and grow from them. An added plus to the upper classmen retreats are the fact that it's a overnight event down in Donaldson, Indiana at the Villa Maria Center. This gives students a chance to spend more time with each other and strengthen bonds of friendship.

This year's prom was held on May 7th at the Marriott in downtown South Bend. The junior class together with Mrs. Marie Rose McKenna organized the band, the theme, and colors for this year's event. The theme that was chosen was "Wonderful Tonight." Purple and silver were chosen as the colors for this year's prom. The great music provided by The Music Machine helped to make this evening a memorable one for all.

Students In The

The Twenty-First Annual Awards Night was held on May 19, 1993. The night was full of many hardworking students who had striven towards their academic and physical goals. All were well-deserving of their awards for their efforts throughout the year. The Senior Class Scholars Michelle Bachtel, Dan Olson, Mike Stanley, and Jeff Szuba; Salutatorian Angie Koloszar; and Valedictorian Maria Ward were all honored that night to represent the academic best of their class. There were many Honors Academic Certificates, Medals of Excellence, and Certificates of Achievement given to the students. Overall, all of the students that attended portrayed the high academic and physical standards that Marian upholds. They should be commended for their efforts; and the parents as well as the students should be proud of their achievements.

A Prayerful Closing

The principal celebrant and homilist of the 1993 Marian Baccalaureate Mass, which was held on May 27, 1993, at St. Matthew's Cathedral, was Most Reverend John D'Arcy, the Bishop of Fort Wayne—South Bend Diocese. Assisting the bishop were Most Reverend Joseph Crowley, Rev. Andre Leveille C.S.C., Rev. Daryl Rybicki, and other area priests.

Bishop D'Arcy spoke to the graduates about the value of the dual Catholic education . . . learning academic subjects and learning more about their faith. He encouraged them to be counter-cultural in their leadership role as Christians.

Two special commendations were given at the end of mass. One of them was an appreciation plaque to Mrs. Wendy Bognar for her work in recruitment and development at Marian. The other award was a special plaque of thanks and appreciation for the six years of service by Rev. Daryl Rybicki as principal of Marian High School. Another administration era ends. One door closes—another door will open in the 1993-94 school year with a new principal. Hopefully the graduating Class of '93 will look back at their years at Marian and consider them the best years of their lives.

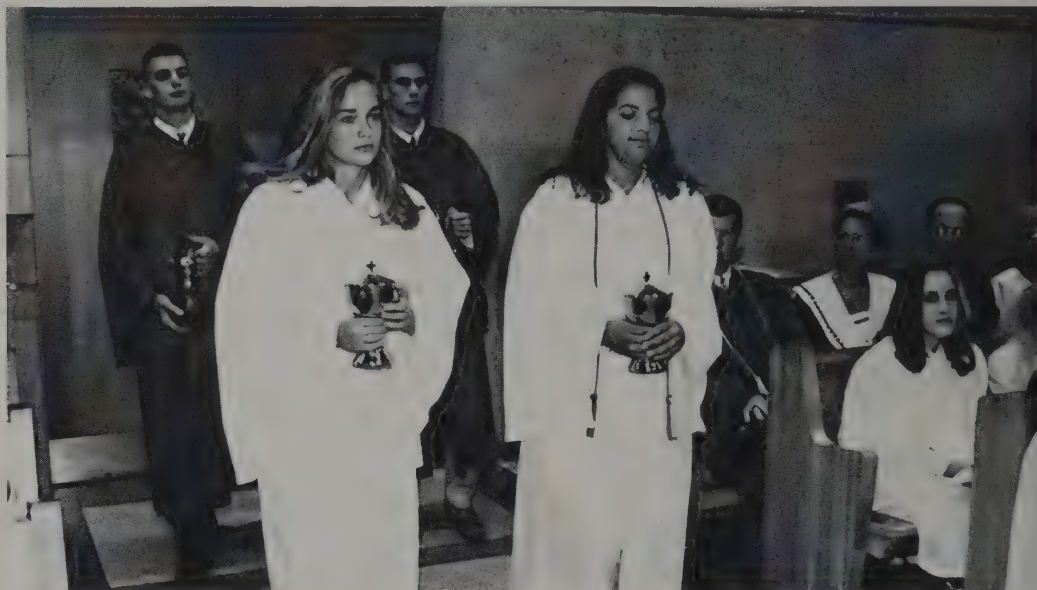

Joe Macau represents his classmates at the Baccalaureate Mass.

Senior officers Giovanna Cataldo, Megan Stifel, Ryan Martin and Jeff Kloska present the gifts at mass.

Ministers of song Jason and Matt Tricker, Jill Switzer, and Mary Fortunak.

A New Door Opens

Marian High School's twenty-sixth graduation class walked into the gymnasium for the last time as a class on Friday May 28, 1993, at 7:30 p.m.

Salutatorian Angie Koloszar, Valedictorian Maria Ward, and the main speaker, Principal Daryl Rybicki all shared memories, hopes and words of wisdom. Since the future of most graduates revolve mainly around education, it is important that they keep their goals high and minds set on reaching them. That is why the Class of '93 is so successful. They know what they want and nobody is going to stand in the way of their success.

Father Daryl's "pearls of wisdom" are the same things that "you have heard over the years from your parents, your family, your teachers—all those who care about you." Father Daryl's basic rules for a successful life concluded with the need for the elements of prayer and peace in our lives. There is simply no other way.

With a sense of joy and final achievement, the graduates received their diplomas from Father Rybicki and the congratulations of the President of the School Board, Dr. David Harris. The graduates became alumni amid the burst of applause from all present.

Valedictorian Maria Ward, Rev. Daryl Rybicki—principal, and Angie Koloszar—Salutatorian speakers of the evening. **The Stanley Family** smiles at the success of son Michael. **Dr. David Harris**, School Board President, gives Mrs. Michelle Milligan the Teachers Award for 1993.

WISE WORDS FOR THE CLASS OF '93

Know Yourself!
Pursue your dreams!
Leave your options open!
Put forth your best effort!
Make friends.
Remember your "roots".

—Rev. Daryl Rybicki, Principal

ACADEMICS

Marian provides its students with the type of background needed to succeed in life. Many demands are placed on you to not just get by but to excel. It is often difficult to answer to these demands on a daily basis. No one will ever need to fear for the future of a Marian student. If things seem to go wrong and one door closes, the teachers always help us to open another door to further our education.

Sam B

The Art department this year has been outstanding. The display cases around the building boast the talent of the students. The Art department ranges from drawing to crafts and from composition to sculpture. This department gives the students a chance to express their feelings and attitudes towards themselves, their friends, and to life in general. Each class, which is taught by Mrs. Joan Mathias, is lively and is enjoyed by everyone.

Nicole Buysee puts the finishing touches on her artwork.

Beauty in Action

Katie Ferlic laughs as Mike McNeil tries to show Dan Galeziewski a thing or two.

Aren't Aaron Budzinski and Chad Slavinkas the perfect couple?

Michelle Siqueria has the knack for drawing but the lovely Mrs. Mathias has to give Dawn Gilleen the gift.

It All Adds Up

Stephanie DeCocker types her heart out while Mr. McDonald finishes the lesson.

What do you know?! It's the lovely Sophomore, Bridget Pocius!

“Mr. McDonald is a cool guy!”
—Jeff Kloska

“It helps me wake up in the morning.”
—Miguel Garza

“This class is special because I will use it in all my life.”
—Jason Tricker

“This class made me a well rounded person.”
—Steve Beehler

“This class is fun and educational.”
—Jennifer Dierbeck

“This class has made me aware of the talent I possess in my hands. I can also relax and get some homework done in between exercises.”
—Jean Trippel

Even though Marian High School is a college prep school, everyone can use the basic skills that are taught in Mr. Calderone's and Mr. McDonald's classes. You can tell, by looking at the pictures, that everyone enjoys typing class, but there's more to it than just typing. There is also Introduction to Business and Business Law. These classes can either help a person get ready for their career or it could boost their learning skills. These classes may not sound exciting but you can clearly see that the students love being in them!

The handsome Freshman Steve Beehler is hard at work in typing class.

Stitch and Stir

Home Economics is a class that the students at Marian like to take. They like to take the class so they know how to sew or cook when they get out in the real world. Mrs. Hatfield teaches Foods I and Foods II. Mrs. Bognar teaches Independent Living.

Mrs. Bognar carefully listens to Chip Mitros' report.

Erin D'Haenens looks thrilled to have her picture taken.

Veronica Hernandez carefully sews her outfit.

Mrs. Hatfield graciously helps her students.

“This class has given me practical experiences. It has also helped me become more independent. Students can get very creative in this class which is a special aspect.”

Steff Connah and Liz Slamkowski take time out from class to have their picture taken.

Music, Joy of Life

Even though Marian isn't known for being popular for music they are a great group. The choir has some great voices in the choir even though they are a young small group. What they lack in the size of the group they make up in intelligence, great sound, and many talents. Their teacher is Ms. Heater who teaches at St. Joseph High School as well as Marian High School. Great job! Keep up the enthusiasm.

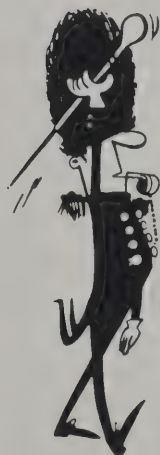

Ms. Heater looks like she has the band under control with her baton.

Matt Howser looks really excited to have his picture taken!

The choir members are definitely the "chosen few."

Summer Ball, LeNita Hancock, and Christy Wilhelm are really concentrating on their playing.

"Before I took this class I couldn't sight read. I also hope to maybe go to choir school and this class has helped me prepare for this."

—Rachel Wichman

"Being in the band has helped me improve my playing skills. I find the class enjoyable while I can learn at the same time."

—Megan Stump

Hand Cramps and Eye Strain

During the 1992-93 school year, the students of Marian High School were introduced to an extended vocabulary as well as classic literature in the English classrooms. New vocabulary words give the students a chance to express themselves in new ways, while the literature allows the students to view the world through the eyes of some of the greatest writers of the 20th century.

Hats off to Mr. Robert VanGoey, Mrs. Peggy Switzer, Dr. James Rosenberger, Mrs. Ellen Rathburn, and Mrs. Marguerite Kistner for helping students gain a firmer grasp on the power of the English language.

“

“It would be quite splendid if there was a class that just taught you to write short stories.”

—Ted Heaton

“Junior Composition is a challenging course that allows you to experience fine literary works and offer a key to better grammar.”

—Chris Crowell

“English is very important for a highschool student. It builds up verbal skills, broadens, one's methods of expression and challenges the mind. However, it's still boring.”

—Jill Brown

Bonne Chance, Chevaliers!

Mrs. McKenna's French class broadens the horizons of many students. They learn more and more not only about the French cultures but also the Irish and German cultures brought by the foreign exchange students. With the business world getting more involved with other cultures and foreign countries, Marian's French students are making it possible to be a part of that change.

Students listen attentively in French III.

Mark Szymanski is proud to stand and read his French report.

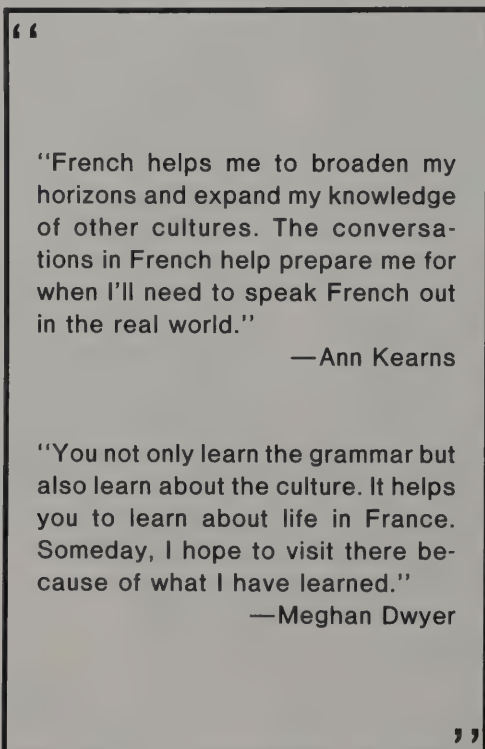

Ann Kearns studies while everyone is concerned with something else.

Mrs. McKenna helps a student with her problems.

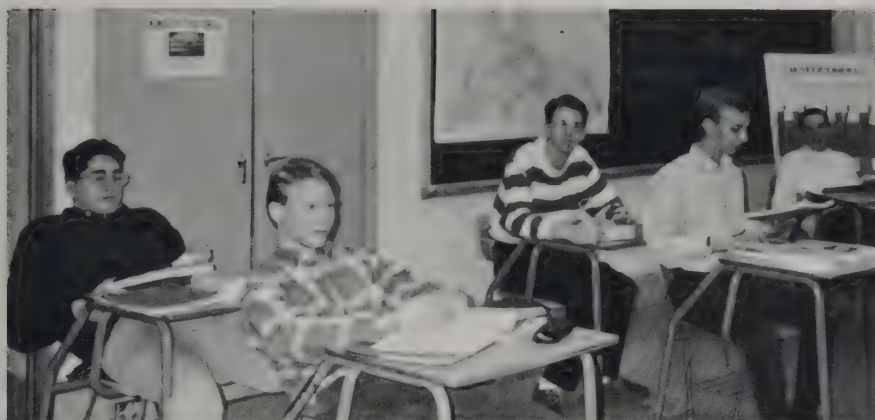

James Johnson is the most energetic in Mrs. McKenna's French class.

French I begins to goof off for the camera.

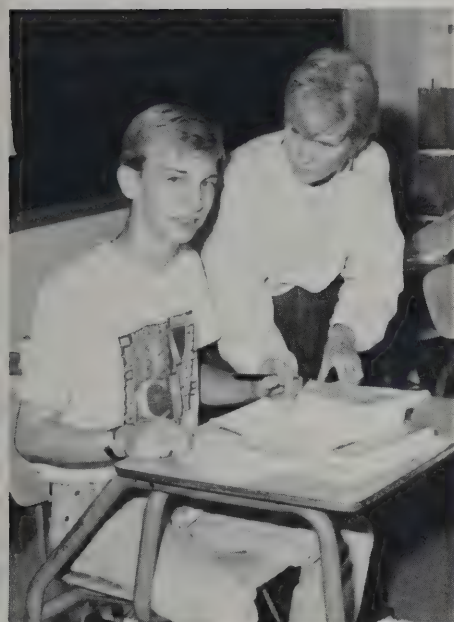

Zum Glück, Ritters!

The German III class looks very relaxed.

The German students enjoy Mrs. Cuniff's special system which makes the class different than all other foreign language classes. Some students say that they like the class because of the students ability to communicate. Others say that what makes it special is the teaching method that provides an atmosphere that helps the learning process go smoothly. Either way the German class is fun because of the people who are in it.

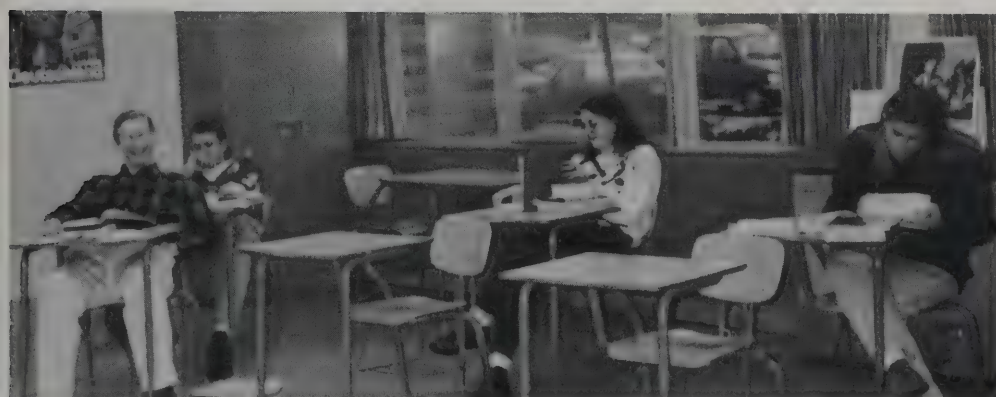

Mrs. Cuniff is willing to help any of her students.

German I is the new edition to the German world.

“This class has taught me about a culture and language other than my own. It has made me aware of how another society works and makes me realize on how fortunate I am here in the U.S.A. Frau Cuniff helps people on a one-on-one basis if someone does not understand the material. She cares about everyone in the class.”

Not "Dead" but Very Alive!

The nineteenth century may find a greater interest in more modern languages rather than in others. However, the Latin language has certain basics that give the avid student a better understanding of any and all other languages. In addition our English language finds its roots in many Latin words.

If you are planning to go into a science related profession you will still need a good strong background in Latin. Dr. Ed Levenson's gift for languages and his patience with teenage antics seem to be a good combination for success for Latin students at Marian.

Dr. (Doc) Ed Levenson listens as students translate their favorite passages.

Latin students gather to smile for the camera.

“

“It's a popular belief that Latin is a “dead” language. Well the language may not be too lively, but the class certainly is. Doctor Levenson keeps things together, but gives us room to be ourselves at the same time.”

—D.J. Purcell

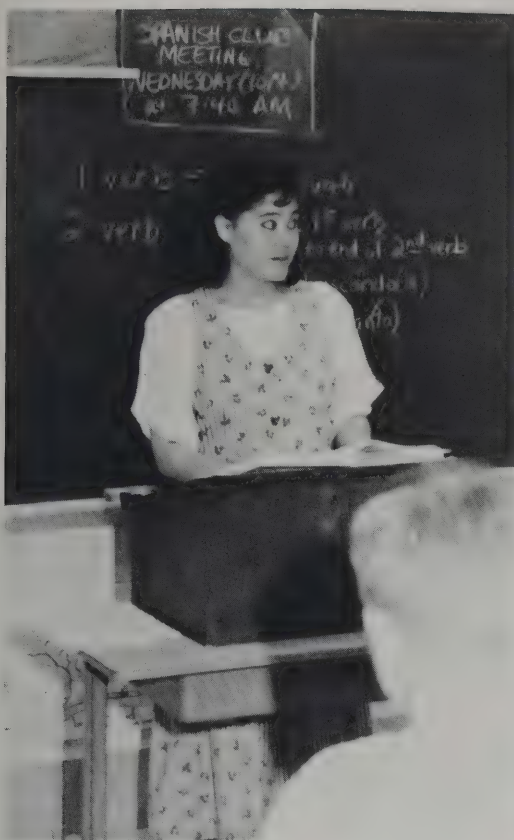

“Even though Doc's class is challenging I chose Latin II because I plan on attending medical school and I'm sure it will help me there.”

—Heather Urbanski

”

Spanish for Everyone

Even before politicians got serious about communication with other countries, educators saw the value of students studying as many languages as possible in addition to their own native tongue. Travel and shrinking world boundaries seem to motivate most students to study at least two languages while attending Marian. The advantageous Foreign Language curriculum at Marian includes: French, German, Latin, and Spanish. What else could a student ask for except high grades in all these languages. Whether we say "merci beaucoup", "danke", "muchos gracias" or just plain "thanks" the message is always the same and a good one to share with everyone all around the world. Maybe in our future professions we may learn other languages to help us to be better citizens of the world.

"I am planning on minoring in Spanish and this class has prepared me very well for this goal."

—Dan Olson

"This class is special because it's in a very relaxed environment. In Spanish II we sing often, watch Spanish movies, and do assorted activities. Our teacher, Mrs. Milligan, is very helpful and makes sure we understand everything that we do."

—Sarah Dance

"This class has showed that learning is fun and you don't always have to get stressed out about everything. It is also special that you have a teacher that is there and willing to help you."

—Annette Snyder

"In college I plan to major in Spanish and would like to be either a Spanish teacher or an interpreter. This class not only has taught me Spanish, it has shown me that I want a career in languages."

—Teresa Wyncott

Computers: Becoming a Part of Everyday Life

Mrs. Diane Graf has welcomed the challenge of teaching our Marian students how to appropriately use the computer to best suit their needs. We can all benefit from her expertise and computer teaching experience in one of her following classes: Computer Literacy, Computer Programming BASIC, Advanced BASIC, and Word Processing. Mrs. Graf's "biggest surprise at Marian was how behaved, courteous, and respectful the students are at Marian." She also feels that "the computer program at Marian allows the students to study several different aspects of the computer. Most Marian students realize the important role the computer will have in their future, but in addition they see what a useful tool the computer is in their everyday lives."

The annoyed Brian Crowell reluctantly agrees to have his picture taken.

"I am so confused," thinks Sara Schoelne and Nate Kulakowski.

"Why are you so happy?" thinks Tina Coleman of Jill Brown.

"Where is that darn 'mouse'?"

Math: Preparing Us for the Real World

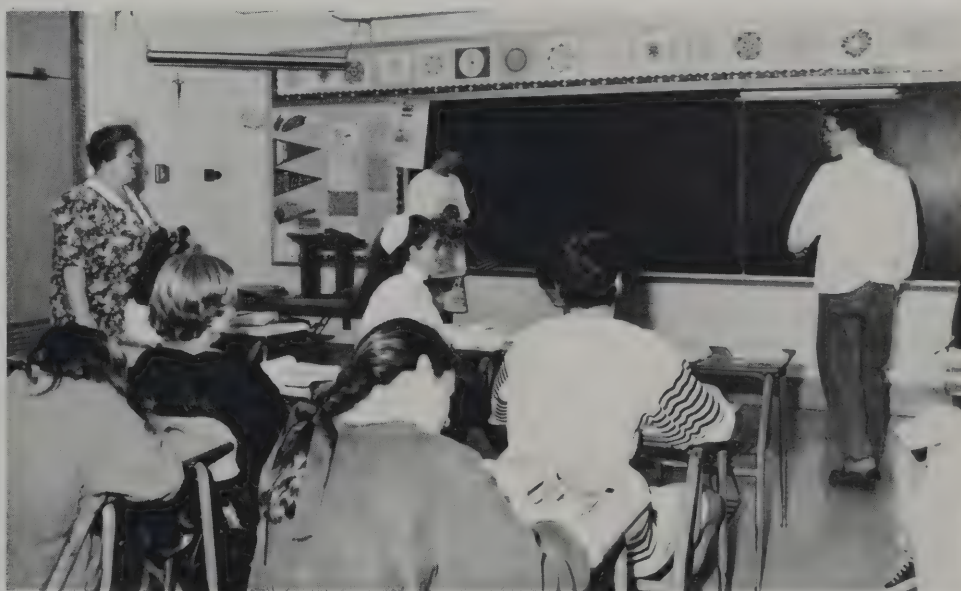

How many times have you heard a student ask, "When are we ever going to use this in life?!" No matter what the class may be, you will need your fundamental mathematical skills throughout life. This is why Marian is so fortunate to have a strong mathematics department. The teachers here help us perfect our skills and strengthen our thought process so we will be ready to use our skills out in the "real world."

"I am sick of math; I think I will play with my hair," thinks Jenny Lies, while Lydia Richardson laughs the hour away.

“

"I feel this class will prepare me for the future by teaching me skills needed for college. I like the method of teaching in this class; I am able to go at a pace where I know what I'm doing and am able to keep up. This class has helped me develop as a person by raising the skill level of this type of math. It's not easy, but it's very challenging. The help you get from others is wonderful, and meetings with the teacher once or twice a week are special qualities I think is great to have for this class."

To Go Where No Man Has Been Before

The Science Department is a perfect example of hands-on experience in a classroom atmosphere. Far from being a quiet place, the science rooms are filled with inquiring minds who experiment with the theories that they question. Racket is a major part of the interest and awe of the science rooms—to thoroughly test hypotheses and go where no man has gone before. Afterall, to question the answer instead of answering the question is to have succeeded in the quest for life and fulfilled one's endless curiosity for knowledge. Who knows, maybe new scientific discoveries or Einsteins hide behind those aprons and goggles.

“This class helped a lot of people to become more independent on ourselves. We could no longer rely on the teacher for his judgment, we had to trust ourselves to make the right decisions.”

—Danielle Lies

“I feel I have gained interest in Chemistry. I enjoy all sciences and, since I'm interested in nursing, the sciences can help me in the future.”

—Erin Wolach

“Science can influence any person in any field of work. You don't have to want to be a biologist to take it.”

Modern History in the Making

In order to know where we are going we usually need to know where we have come from as far as our spiritual, social, and political values are concerned.

At Marian every student has ample opportunities to seek the truth about not only our country and its government but how we will need to understand people, policies and politics to be able to work cooperatively with our global neighbors. With the ease of travel all of our neighbors in foreign countries get closer each day. Recent political barriers that have

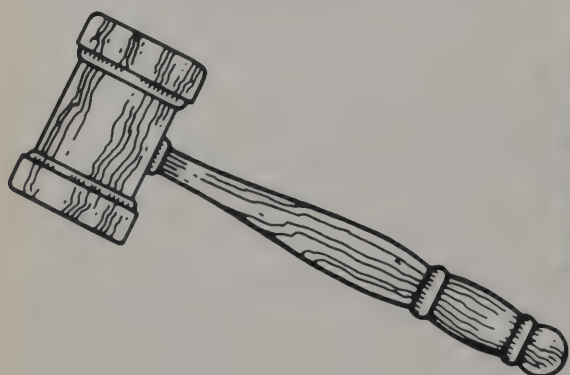

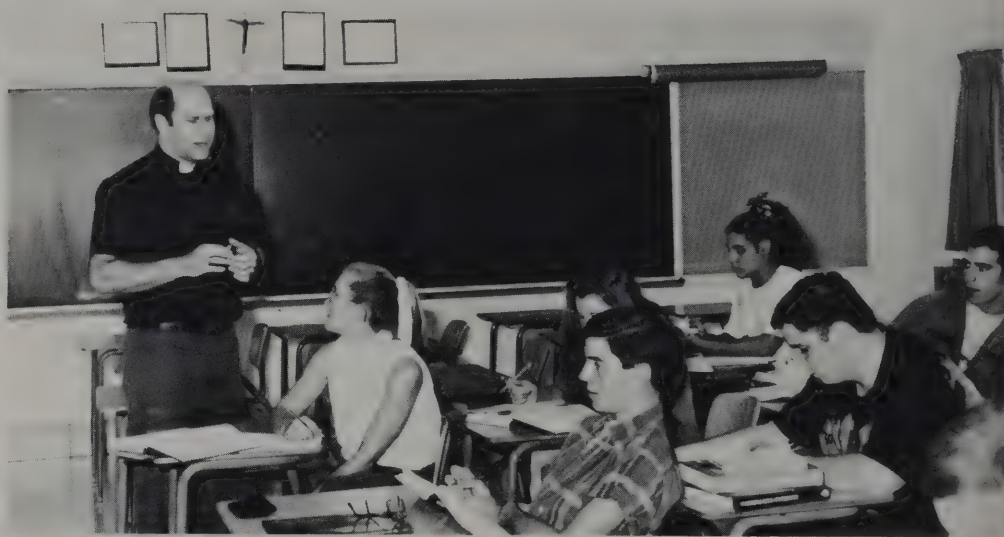

crumbled have opened doors that had been previously closed to our friends and families before. This open door policy will offer Marian students many exciting opportunities. Whether we study World Geography, Western Civilization, American History, Sociology, Psychology, Civics, Political Thought, Economics or Government the Marian student can't help but become a better citizen of the world we live in. Luckily, we live in a country where we can learn freely.

Mr. Bob Haas knows his facts better than anyone else. Shadya Yazback seems mesmerized with the presentation.

Understanding self and others as explained by Father Daryl Rybicki, Principal, certainly is a basis for working well with other ethnic groups.

Mr. Brian Burkart certainly has the attention of Laura Cichowicz and Chris Boynton.

“In this class I have learned about different parts of the world, and the importance of them. I’ve learned to read a map and understand not only what has happened in the past but why it happened. With a better understanding of politics I now care about what happens in the government because I realize all their actions affects all of us.”

Values Motivate Students

Curriculum offerings at Marian are programmed to motivate students' awareness of the facts related to the subject. The long term values of any study is for future use regardless of where our individual paths lead us.

One department which has as its purpose more than gaining knowledge in its various offerings is the Theology department. Knowledge alone is not of importance as compared to the internalization of the values these subjects present.

Whether the theology student studies scripture, old and new; other religions; morality; or any other numerous topics related to Catholicism the importance of all this study is to develop the spiritual life of the student. Sharing this "Good News" with families, friends, and people in the "market place" of life is more relevant today than ever before. We need to be "hallelujah" people in a strife ridden world. Jesus' teachings are needed more now than ever. To teach as Jesus did—by a life of peace, hope, and justice we need to continue our value growth beyond the four years of classes at Marian.

“

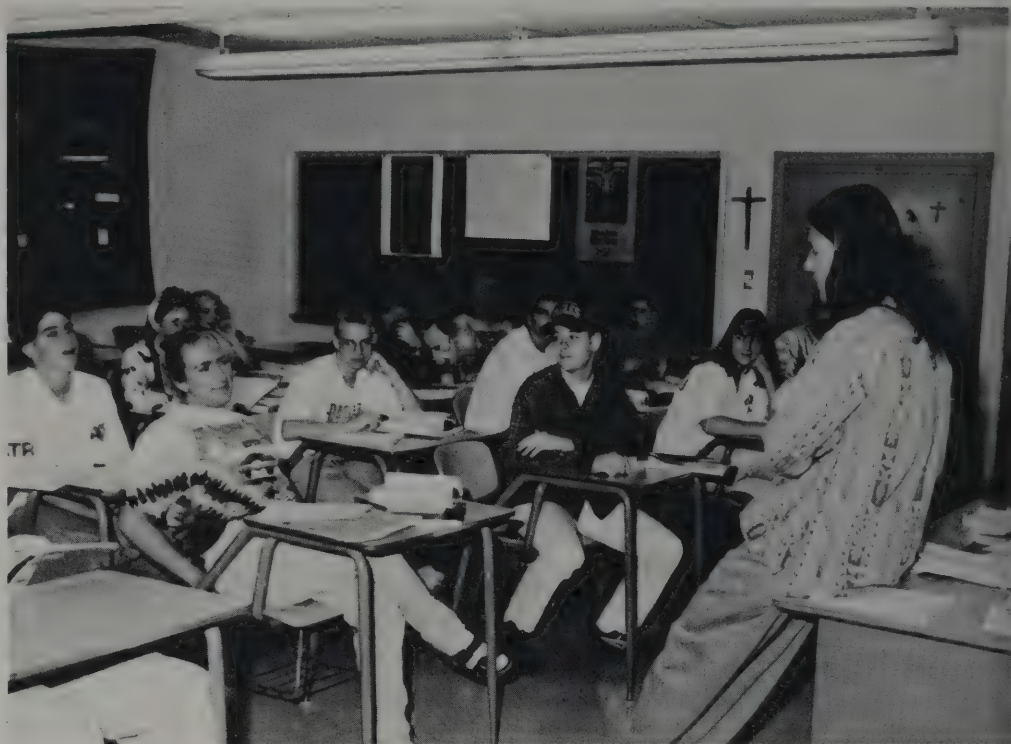

"Apostolic Works has influenced me by letting me apply the religion I've learned over the years and relate it to working with people."

—Meghan Dwyer

" 'Morality' teaches you about the real world and how to make better choices in life."

—Jill Bradley

”

Scriptures are something Mr. J.D. Childs knows all about. His students find it hard to keep their mind on the subject during Homecoming Week.

Mrs. Mary Kay Dance puts the most into this senior theology class since these students will soon be tested in their ability to put their faith in action.

“This scripture class has given me a better idea of how to live a life of faith in God and do His will. He will provide.”

—Ben Tricker

“I think that Mr. Childs is one of the best teachers. He can make you want to learn. He makes learning fun and easy to understand. We also have some great class discussions.”

—Jaron Johnson

“I am more aware of things that help you lead a good Christian life.”

—Tessa Cavanah

Rev. Andre Leveille weaves his tale which has the class mesmerized.

“I feel the interesting part of the Sacraments class is how Father Andre teaches. He keeps the class' attention by incorporating interesting stories as well as personal experiences with the material in the text book to help the student understand the material. These stories and experiences taught by Father Andre Leveille make learning the Sacraments very simple.”

—Mark Idzik

“Apostolic Works has reinforced my desire to teach young children by giving me an opportunity to work with children at an after school care program.”

—Michelle Bachtel

“Apostolic Works has influenced me to see the importance of ministry and to spend more time with little kids.”

—Dan Olson

“The thing that is most special about Mr. Childs scripture class is that he teaches it in ways that we can understand by mixing learning and fun which is a good mix. There is the right amount of fun, discipline, and learning. It makes the class go by pretty fast and it's surprising how we actually learn.”

—Liane Slavinskaskas

“This class has given me a better idea of right and wrong.”

—Annette Snyder

“This class helps you make better decisions when faced with immoral problems.”

—Jolie Gendel

“It is an open class where we can express our thoughts.”

—Rick Reineke

Mr. Michael Piechnik returns tests which are eagerly awaited for by the students in his class.

Voice of the Students

It takes a lot of hard work to produce a monthly school newspaper. With the spirit of a dedicated staff, however, the burden is not as great. The staff for the 1992-93 Lance consisted of Tina Paschke, Chief Editor, Susan Fischesser, Michelle Siqueira, Tammy Mays, Matt Ruml, Chris Macri, Jason Finley, Chad Slavinskaskas, Aaron Budzinski, Erika Martin, and Jenny Stickovich. The staff along with the direction of Mrs. Diane Graf produced many informative issues of the Lance for the student body this year.

The Lance not only serves the school community, but also serves as an avenue for learning more about journalism. Those students interested in a career in journalism might consider joining the Lance staff for a first insight into the field. The Lance produces a variety of articles on sports, social, and community issues. The Marian Community congratulates the Lance staff for another successful year.

The purpose of a yearbook is to put together, through words and pictures, an informal history of the year. Doing this requires a lot of hard work and effort on the part of the staff. Including pictures of everyone is made possible in the album section with additional pictures in the academics, sports, and club sections. The theme of a yearbook is obtained by connecting all the facets of the school year. The theme that was chosen for this year is that if one door closes another door will open with a new opportunity possibly allowing for some growth and maturity. The advisor for the Madrigal this year is Sr. Grace Dubin. This is Sr. Grace's second year leading this yearbook staff. The Marian Community offers its gratitude to the yearbook for a job well done!

Marian offers a wide variety of clubs and organizations which help to broaden the students' horizons. One can choose from anything between Latin Club and Quiz Bowl, to S.A.D.D. or Speech Club. Mrs. Rose Marie McKenna, the French Club moderator, feels clubs "bring students with similar interests together and help to develop leaders and comrades." So one not only benefits from the actual activity but the friends they gain along with it. If one club or organization does not fit your needs, just open another door and a club moderator will be happy to welcome you.

Class Reps in Action

This year's Student Council has had a successful year. Some were, the Christmas food drive, Thanksgiving flower sale, and many dances. The officers: President Mike Stanley, Vice-President Dan Olson, and Secretary/Treasurer Kristen Johnson have done a great job in leadership thus continuing the tradition of prior Student Councils.

The Student Council is an important group because it represents all the students through their homeroom reps. This process acts as a learning tool for the student body in the Democratic process.

The year saw a change in moderator leadership. Mrs. Janet Hatfield had served as a moderator for five years. Mrs. Caroline Schulz took over the leadership of the group at the beginning of the school year. Thanks to both moderators the Student Council has successfully changed hands.

The Marian Chapter of the National Honor Society participates in many areas of service. This includes both personal and group service projects. Some of the group service projects includes: parking cars for football games, visiting with the Sisters on the hill at different times throughout the year, and assisting at the polls for the 1992 elections. This year's sponsors of National Honor Society are Mr. Michael Piechnik and Mrs. Peggy Switzer. The N.H.S. inducted 27 new members this year bringing its total to 51 members. The 1992-93 officers were President Dan Olson, Vice President Mike Stanley, Secretary Angie Koloszar and Treasurer Jeff Szuba. Amberly Hershberger, and Keri Griffin were this year's tutoring and service chairpersons.

School Spirit

The Marian Pep Club has been very supportive to our athletes this year. Moderated by Mrs. Peggy Switzer, along with her staff, President, Christina Giel; Vice President, Colleen Crawford; Secretary, Christie Wilhelm; and Treasurer, Alisa Bobay; along with the other members, have baked goods, made many signs and have shown lots of support for all of the sports teams.

We say a special Thanks to the Pep Club. Your time and effort is deeply appreciated. And may the "spirit" of the Pep Club always be a part of Marian High School. . .

Art Club Christmas Decorations.

Marian's Art Club has had a very productive year. They began by sponsoring the Halloween dance on October 28 to raise money for Art Club materials. Once again the Art Club took on the job of the seasonal decorating of the main entrance doors. And have also filled the many display cases throughout the school with Art work they have been working on throughout the year.

They continually work at improving our community relations through artistic expression such as Murals at Madison Center. The theme is a castle fantasy scene with fairy tale figures and gentle creatures in a panoramic scene of forest mountains, lakes and sea.

The Art Club along with the English Department and the computer Department sponsored the Art and Literary magazine "Roundtable" where students were encouraged to contribute original creative poetry, short stories, and essay and black and white designs which also included cartoons.

The Art Club is directed by Mrs. Joan Mathias, President, Chad Slavinskias; Vice President, Tom Berry; Secretary, Ann Fewell; and Treasurer, Avanti Lalwanti.

Speaking of Languages . .

Language Clubs have always been a tradition at Marian High School. They are a part of everything. The four language clubs are: French, German, Latin, and Spanish. Each of these clubs have had their own fund raisers of some kind, and they each have their own unique traits.

The French Club enjoys celebrating the culture and language. They have already participated in the Hospice Walk and the Open House. They also had a Christmas Party and a scrumptious French Dinner!

The German Club finds its purpose in interesting the students in German, and the German speaking countries. During this particular year, they have been trying to raise scholarship money for Marian, and have had many activities to do this. There was a picnic during the fall, and also a Christmas Party. To help achieve their goal of money, they sponsored the Spirit Week Dance.

The Latin Club, though smaller than any of the other clubs, still has the same purpose; to enjoy the Latin heritage and culture. They are so small, though, they have not had many activities, but they are still hanging in there!

The Spanish Club lets students experience Hispanic Culture through a variety of activities. They hold monthly meetings, and participate in many activities, such as the Hospice Walk, a taco party, open house, a Christmas Party, and they also helped out with the Spirit Week Dance. This is by far the biggest club, and extremely successful!!!

What A Happy Bunch

The purpose of the Marian SADD Chapter is awareness, education, and the prevention of drinking and driving. Leading SADD this year were Co-Presidents: Susan Fischesser and Tom DeRue, Secretary: Colleen Crawford, and Treasurer: Alisa Bobay. Red ribbons, to be tied on car antennas, are handed out at the monthly meetings as a reminder of the danger of drinking and driving. SADD also sponsors two lock-ins this year including the second overnigher in Marian's history. The successful events for 1993 were once again brought to a close with the second annual after prom party at Chipewa Bowl. A special thanks is owed to Mrs. Dance for another successful year as moderator and to the students for helping to bring the membership to a record high.

Sophomores Sarah Dance, Katie Cochrane, Kim Weil, Susan Wruble and Patricia Garcia sure seem to be enjoying the SADD lock-in.

Friends forever? It's Jill Kozloski and Lauren Becker.

Scott Wuergler, Louie Trippel, Jason Jaronik, and the overly happy Bill Palmer enjoy a nice game of poker.

Look! It's the SADD officers . . . Susan Fischesser, Alisa Bobay, Colleen Crawford and Tom DeRue!

WOW!!! It's Alisa Bobay and Giovanna Cataldo!

Reaching For The STARS

The STARS students take time out to pose for a picture with Catherine Rollinger. She is a registered nurse at the Madison Center.

STARS (Students Taking Action to Reduce Stress) is a group of students who are committed to being "peer counselors" to their fellow Marian students. They have had instruction in several areas of peer counseling, including communication and listening skills, self-esteem, relationships and suicide prevention.

The purpose of STARS is to provide Marian with people to talk to who will always be willing to listen. Members of STARS are there to be friends when a friend is needed. Isn't that just the typical Marian student, though?!

You can tell by the smiley faces that these kids are definitely STARS members. **Bottom row:** Dan Olson and Mike Stanley. The **second row** has Giovanna Cataldo, Sarah Weinberg, Jill Switzer, Michelle Bachtel and J.J. Nix. The **third row** has Chris Crowell, Eric Pianowski, Jason Tricker, and Jeff Kloska. The **back row** has Mr. Dorman Land and Steve Cox.

Future Technology

The Marian Science Club is led by Mr. Ken Andrzejewski. He tries to promote the study of science encourage study—questions and protection of our natural world, and he tries to make kids see that science can be fun and interesting. This year, the science club is especially trying to create an on-going recycling program, and also trying to gain environmental problems.

In November, they participated in the Indiana Junior Academy of Science, which includes scientific projects, debates, and an olympiad. On Arbor Day, the science club is going to make an effort to plant a tree for the occasion. The club has over twenty members, who are very successful in their projects to "save the planet".

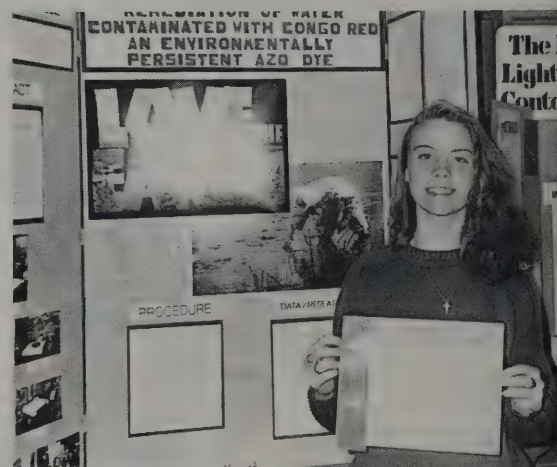

Science Club Presidents Chris Macri, Tina Paschke, Ann Staszewski, and Jenny Vergon seem to get along great!

Congratulations to Michelle Bachtel, Christina Giel, Nate Kulakowski, John Lehner, Susan Prusinski, Andy Selle, Tom Strebinger, Mark Syzmanski, Ben Tricker, and Jenny Tricker for their excellent showing in the Regional Science Fair! These ten students gathered five firsts, two seconds, three thirds, as well as 14 special awards. Special congratulations to Jenny Tricker who won a trip to the International Science Fair in Mississippi.

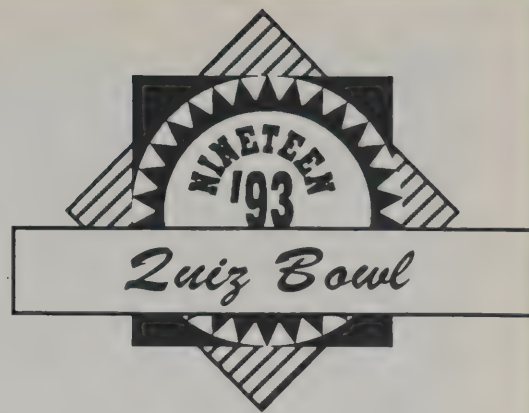

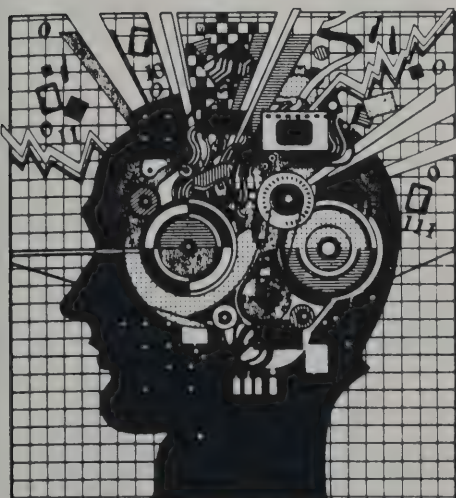

Quiz Bowl Kids

Avanti Lalwani and Maria Ward keep score at a Quiz Bowl game.

Quiz Bowl members gather again for another intriguing Quiz Bowl meeting.

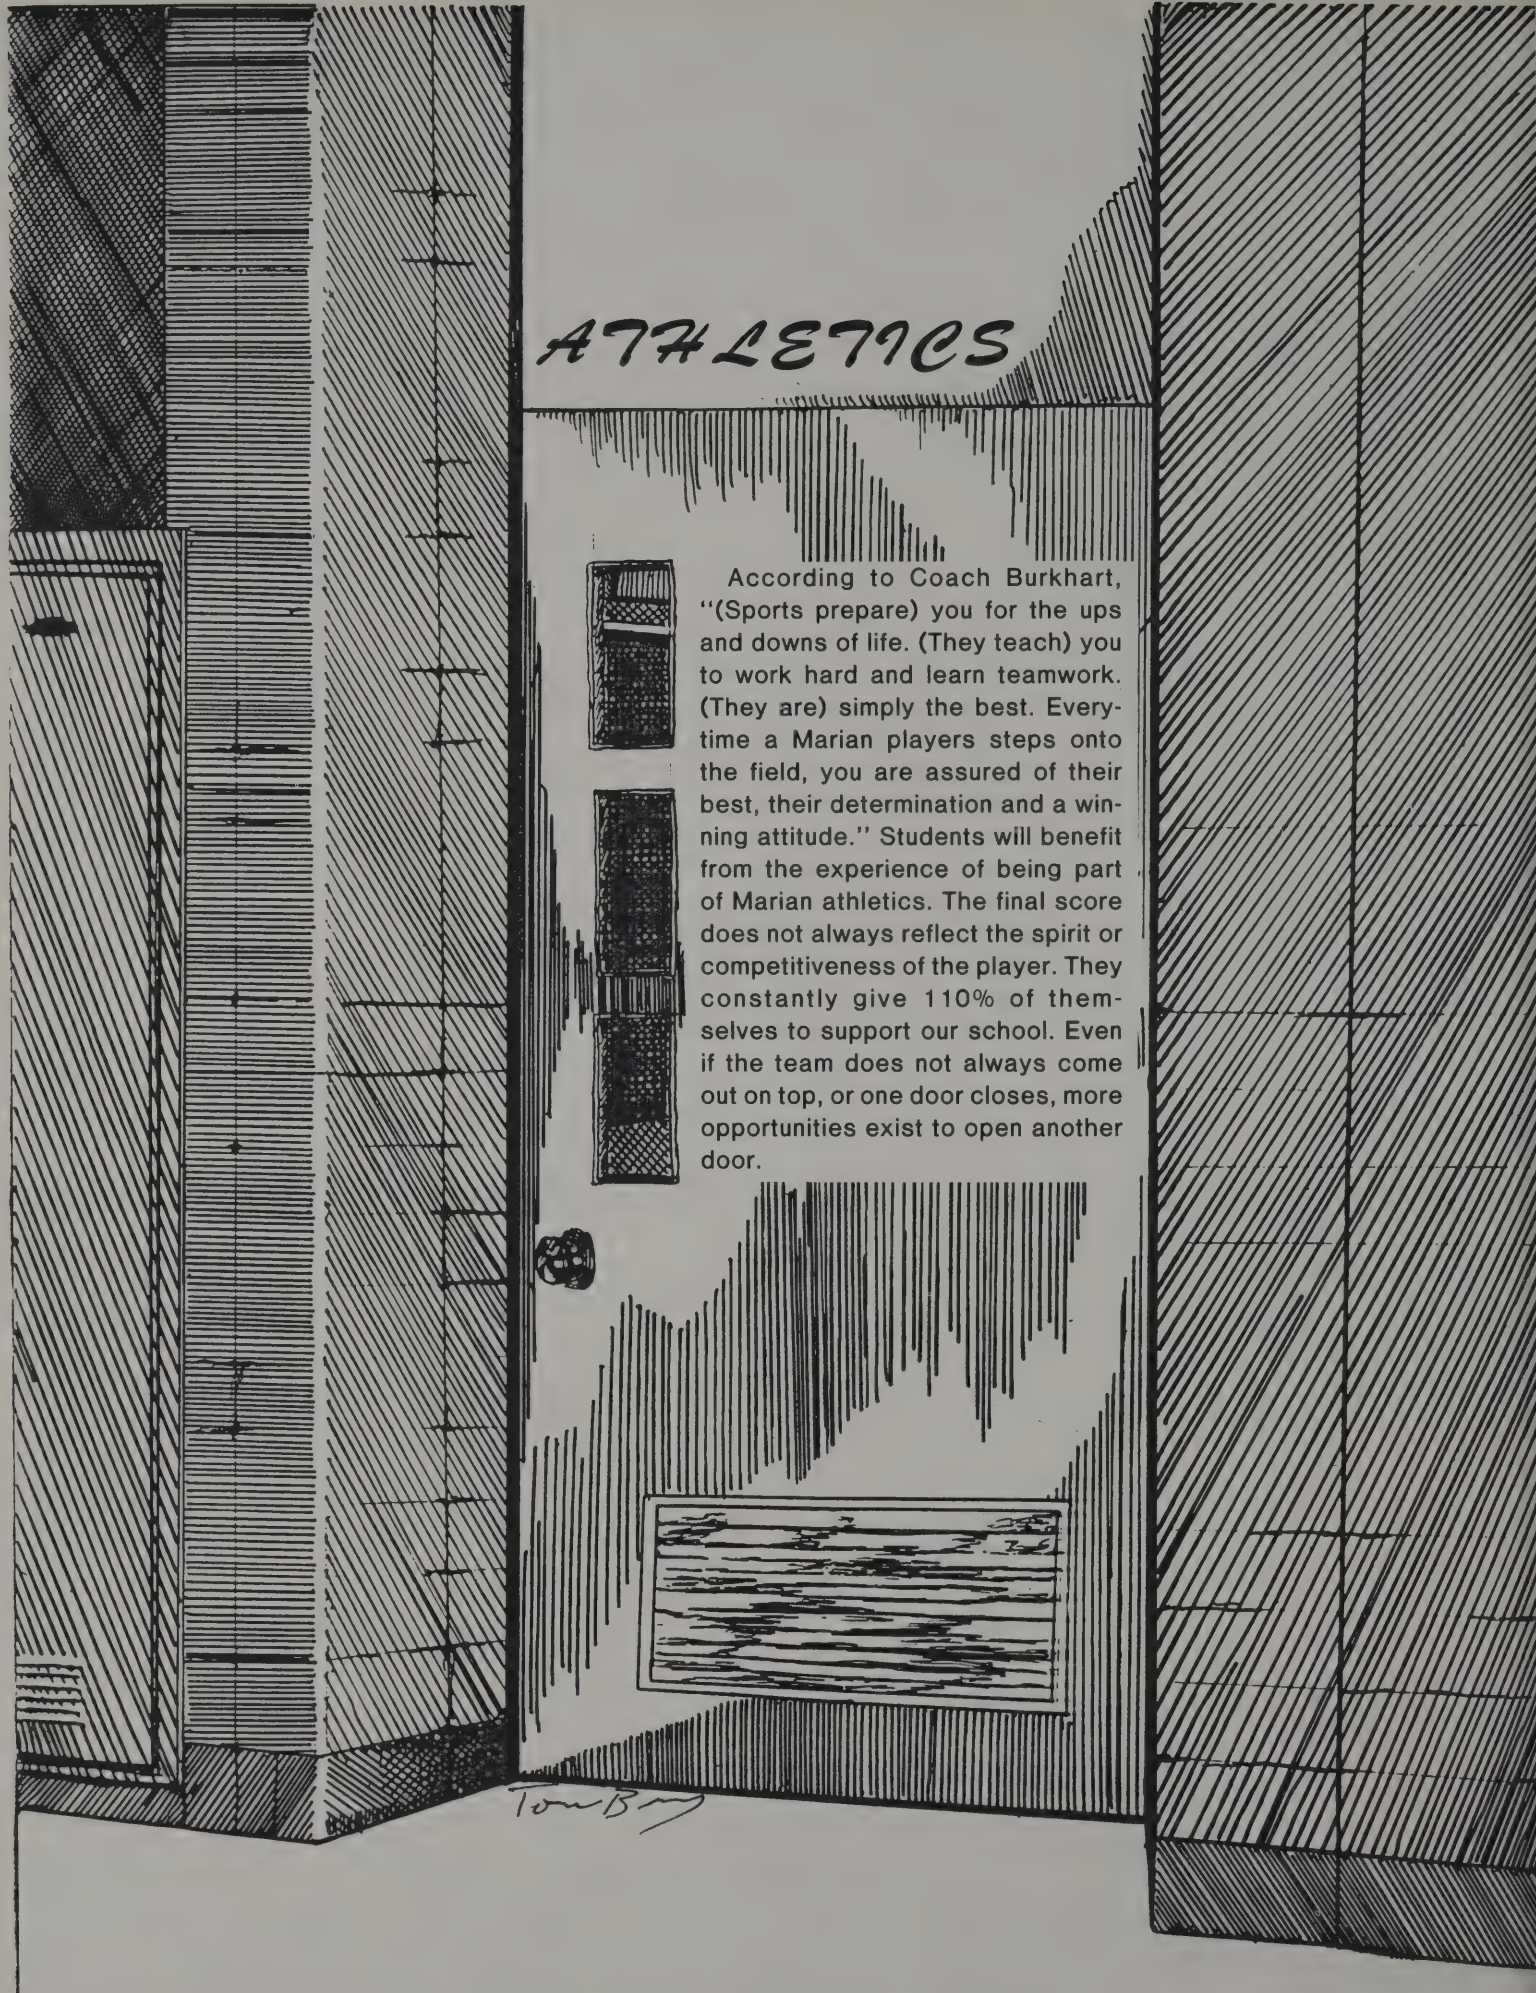

The Marian Quiz Bowl Team's objectives for the 1992-93 season were to enjoy themselves, learn more, and be successful in winning as many matches as possible. In acquiring more knowledge and winning over half of their matches, coaches Mr. Andrzejewski for Varsity and Mr. Largey for the B Team were quite pleased. Pete Callan and Shadya Yazback represented their team well as All-Stars and they should continue this next year as well as when they'll be seniors. In an extra-curricular activity like this, lots of time and preparation is required so everyone who participated to the success of the team should be commended for all of their efforts.

The Marian Quiz Bowl members meet in the library for one of their typical tournaments to prove how much they know.

Mr. Andrzejewski and Mr. Largey test the Quiz Bowl team on how much they know.

ATHLETICS

According to Coach Burkhart, "(Sports prepare) you for the ups and downs of life. (They teach) you to work hard and learn teamwork. (They are) simply the best. Everytime a Marian players steps onto the field, you are assured of their best, their determination and a winning attitude." Students will benefit from the experience of being part of Marian athletics. The final score does not always reflect the spirit or competitiveness of the player. They constantly give 110% of themselves to support our school. Even if the team does not always come out on top, or one door closes, more opportunities exist to open another door.

Blue Crush Brings Pride

The Varsity Football Team did a great job this year and continued to erase frustrations pent-up from previous seasons. They had many obstacles to overcome such as, a very difficult schedule against schools three times bigger. But success in terms of victories seemed a realistic goal and seventeen seniors returned as a team with much potential and ability. They finished the season 5-5 and won the first football game of the tournament which the Marian football team hasn't done since 1987. The team turned a program around that was facing hard times and returned it to the respectable program it once was. They proved that with hard work, dedication, and perserverance a difference can be made and real success can be obtained. The football team came to realize that the measure of true success is not how much you win, but how much you have improved and the obstacles you've overcome.

Brian Noe, Coach Burkart, and Rob Suth stare intently as the Knights fight to win.

Congratulations to Coach Brian Burkart for being named the I.F.C.A. Coach of the Year for Region 2 Class 2A football.

This year the 9th Annual Mishawaka Breakfast Optimist Club's All-Mishawaka Football Team honored Father Daryl Rybicki as their Honorary Coach and the team was named after him. Father was awarded a plaque in honor of his contributions to the youth of the area and the Key To Mishawaka by Mayor Rob Beutter.

Congratulations to Joe Macau, Quarterback: Chris Killilea, DT; and Jeff Joo, Center. They all made the Region 2, 1st team for the North/South All-Star Game. This is a great honor! There were only 24 positions on this team and there were 43 schools vying for these positions.

The 1992 football cheerleader's season began at Valparaiso University camp in July, where they received a nomination for the All American cheerleading squad. Along with this they took home a spirit stick and many superior ribbons. Throughout the season the cheerleaders had the support of both their sponsors; the ever-spirited Mrs. Sniadecki and Mrs. Diroll; and the fans as well. They cheered their team onto many victories and although the sectional loss was disappointing, they kept their spirit at an all-time high. At the fall banquet Alisa Bobay and Amy Young were chosen as **MVPs**, Debbie Nowacki **Most Improved** and Keri Griffin as **Mental Attitude**. So you could say that it was a very productive season for the football cheerleaders as they kept enthusiasm strong in the team.

A Dancing Spirit

This year the Marian Varsity and JV Pom Pons did their duty to fill up the crowd with school spirit while the Knights brought home many victories for Marian. They are led by senior co-captains Kristin Lentz, and Nicki Lower who help to bring the poms together and represent all of the effort and enthusiasm in their routines. Angie Kolbas is their sponsor who organizes the squad and makes sure that there's never a dull moment, which as the crowd can tell there certainly never is. We continue to be amazed by the hair-raising and energy-filled dances that the poms perform at every home basketball game.

Boys' Cross Country led by captain Ryan Parrish had a difficult but enjoyable season. Their effort put forth in practices did not reflect their ending record. Over the course of the season, their times improved and many are returning to run again next season. Coach Rethlake is looking forward to the 1993 season with hope.

The girls' Cross Country Team had a good season especially since many were participating in Cross Country for the first time. The girls' improvement pleases Coach Rethlake, and he feels that their future looks strong because "a number of letter winners are returning for the future." The girls kept their heads up and their times down despite the temporary loss of one of their future runners, Mary Fortunak. The lady Knights led by captain Shelly Fiwek ended their season with a win against LaSalle and hope for a promising 1993 season.

The boy's basketball team did an outstanding job this year. The Knights held their heads up high, determined to keep their pride. They came out to prove to everyone that they weren't going to sit on the sidelines and get beat. They came out ready to win and they did. So maybe they didn't win every game but they didn't let that bring them down. The varsity team ended the regular season with a crushing 53 point victory over Argos. Leading the team with **Assists** were Nate Kulakowski and Jeff Kloska; **Free Throws**—Jason Finley; **Field goal percentage**—Jay Brendel; **Defense**—Jeff Kloska; and in **Rebounds** it was Chick Linski. A special thanks to the Marian Boy's Basketball team for making the 1992-1993 season a memorable one.

The Marian Girls Varsity Basketball team struggled through a tough schedule during their 1992-1993 season. The team was coached by Gus Buysee, and he had help from Coley McIntier, Al VanHuffel, and Dave Hosinski.

Co-Captains Danielle Lies and Christina Giel kept spirits high on the team, especially after hard losses, but they were always leading the team to victories. The Junior Varsity and Freshman teams also worked extremely hard, and ended up having a good season!

The Spirit of Marian

The 1992-1993 Basketball Cheerleaders provided encouragement and support throughout the year. The girls were led by Tri-Captains Keri Griffin, Angie Koloszar, and Alisa Bobay. They provided spirit as well as sportsmanship throughout the year. These lovely ladies were truly the heart and soul of Marian High School. A basketball game would not be the same without the rousing cheers of the Lady Knights. Thank you for all of your spirit! Special thanks to Mrs. Diroll and Mrs. Sniadecki for their support throughout the season. Good luck to Mrs. Sniadecki who spent her last year with the cheerleaders and will be missed very much. At the Winter Sports Banquet the **M.V.P.** was Alisa Bobay, **M.I.P.** was Lydia Richardson and **Mental Attitude** was Lauren Zaviska.

This year's wrestling team was very young. The team was made up of a majority of Freshmen and Sophomores. The captains for the Knights were Seniors Jeff Szuba and Dominic Casini. Under the tutelage of Coach Tom Dolly and Assistant Coach Chris Weinkauf the Knights grew in pride and spirit. Even though the grapplers didn't have a winning season many individual goals were accomplished. Way to go Knights and better luck in the future.

Dedication is the word to describe the Marian Hockey Team. That's what it takes to show up for morning practice every Tuesday. This year was definitely a rebuilding year for the Knights. Led by Senior Captains Tim Wozniak and Jason Skene, the Knights fought to regain their pride. Even though the Knights seemed to stumble and fall early on in their season, they picked up the pace and finished strong. Special congratulations go to Jason Skene, Tim Wozniak, John Lehner and Erick Kuespert for being selected to the Michiana High School Hockey League All Star Team. Only 22 players are selected out of 155 skaters. And a final thanks to Coaches Bill Hambling and Bob Kranda for their devotion and outstanding effort for bringing hockey back to Marian.

Play Ball

Marian's 1992-1993 Baseball Team had a very successful season this year. Everyone worked together as a team . . . and a handsome team at that. They got out there and sweated in the sun, just so they could bring home the victory. What a swell bunch of guys! And who knows? Maybe some day these men will grow up to be great baseball players. They'll be remembered for their great high school years when they brought pride and joy to Marian during the 1992-1993 season. We all should be proud of these guys and we should all thank them for their outstanding work. It kind of brings a tear to your eye when you think of all the hard work and dedication that went into the season. Way to go guys!

Back row (Left to Rt.): Eric Pianowski, Tony Bozzo, Pat Suth, Matt Hall, Aaron Laskowski, Todd Lentych, Jason Fransted, Kevin Brendel, Tim Barnes and Coach Ray Lentych. **Front row:** Eric Sommers, Todd Gould, Brett Berry, Pat Szuba, Massimo Cataldo, Kevin Walters, Jeremy St. Clair, Brian Noe, and Justin Ricola.

The 1992-1993 Softball team had a lot of ups and downs this season. But even through the losses they kept their pride. Many hours of hard work and dedication went into this season and in the end it all paid off. These girls worked together and helped each other out when they needed it. They came together as a team and they all can't wait to return together next year.

The Marian Boys and Girls Track teams have had a rebuilding year. The teams were fairly young but had excellent Senior leadership. Even though the competition was difficult the teams improved tremendously. Three school records were broken by Kristen Talboom in the high jump, and Meghan Dwyer in the 100-300 hurdles. Next year promises to be more exciting and successful.

The 1993 Boys' Soccer Team has done well this season, considering their schedule and various injuries. Coach Morey ran hard practices, but it helped the guys in the long run. The co-captains Tommy Turnock and Mike Stanley have also done a good job leading the team on to victory. The team will indeed be hurting next year for they are losing a lot of valuable seniors. However, like all proud Marian Knights, they will strive to do their best and begin to build another team of which we will be proud!

The 1992-1993 Golf season was one filled with accomplishments as well as down falls. The team fared well in regular season. The outstanding duo of Junior Chick Linski, and Senior Jeff Kloska lead the team throughout the season. The team placed well in both the Kaeppler and the South Bend Invt. with Chick capturing top medalist honors in both tournaments. The Knights were lead by Coach Jim Kryder, a true man among men. The Knights flourished under his expert guidance. The Knights hope to succeed in capturing State this year and hope to do well in the city play-offs. Good luck with the rest of your season Knights.

Rackets in Action!

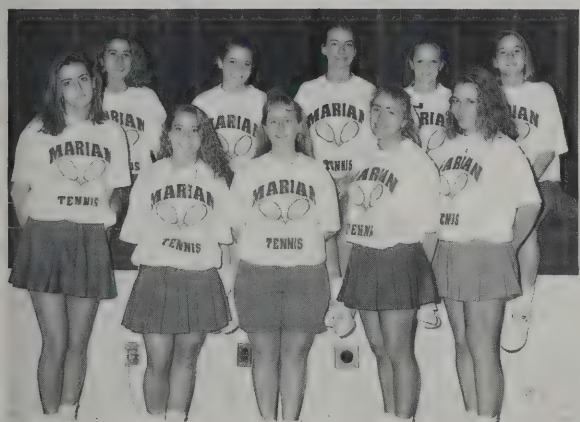

The 1993 Marian Girls' Tennis team has made great improvements. The new coach, Sarah Miller, has begun to rebuild the team. The tri-captains, Megan Stifel, Sara Weaver, and Dawn Gilliean have also helped out the new coach. Everyone has worked hard and thus improves both individually, but also as a team.

ALBUM

Marian could be known as one great melting pot because of all the different kinds of people, with different personalities, who come together. The faces of the current Knights come together in this album. Many of the students consider Marian as their second home and have developed many close relationships. If one door in your life ever closes, you know that you will have friends to help open another.

Tom Bay

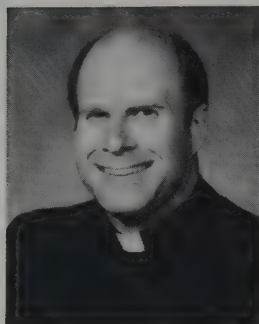

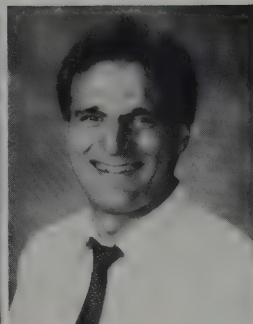

The team concept is no stranger to Marian High School. Most of the students find themselves involved in either sports or clubs that are related to school subjects. Marian students have learned that the best way to achieve most things is through a team effort.

The Administrative Staff of Marian is the first to give the example of what 'team' means. However, this team does not take the spotlight nor receive public acclaim for their success as do the sports or academic teams at Marian. This special team of Administrators, School Board, Faculty, and Support Staff function as the 'motivators' in the religious, educational, social, emotional life of the Marian family. Each member of the Marian staff endeavors to work for and with the students to attain their educational goals. We salute and thank the Marian Staff for their care and concern for the students at Marian.

If we were searching in our computer menu for topics on service and dedication we would probably find the word "Teacher" in the center of the screen. For these attributes seem to be the code words attached to any educator. These gifts give a basic reason for choosing the profession as a life's work. The added trait necessary for a teacher is the willingness to work with young people as they go through their trials of growing up.

The teachers at Marian High School have given a total of 542 years of service as teachers in various schools across the country. We are fortunate to have such

a highly educated staff who are willing to spend their teaching days at Marian. In the hurry and scurry of our school days we often forget to thank these professionals who try to teach us despite the many obstacles we may put up as barriers for them.

The Class of 1993 want to especially thank the staff for all they have done to bring us to the point of "commencing" into the next phase of our young adult life. Thanks for the memories and may we all be continually successful in any and all of our future endeavors.

Mr. & Mrs. Eric Jumper repeat their wedding vows before the Principal of Marian High, Rev. Daryl Rybicki.

Repeat Marriage Vows

Congratulations are in order for Mr. and Mrs. Eric Jumper who celebrated their 25th wedding anniversary in 1992. Mrs. Marjorie Jumper, a mathematics/economics major began teaching after her children were high school age. Mr. Jumper is a professor at Notre Dame in the Aero and Mechanical Engineering Department. A retired Air Force Colonel, Mr. Eric Jumper taught at the AF Academy and the AFIT in Dayton.

Their children, John Jumper (24), an Electrical Engineer, is a 1st Lt. in the Air Force working on neural networks in which computers learn their mistakes and re-teach themselves. Christine (23), a ND graduate, is a 2nd Lt. in the Army and a Veterinary student at Purdue.

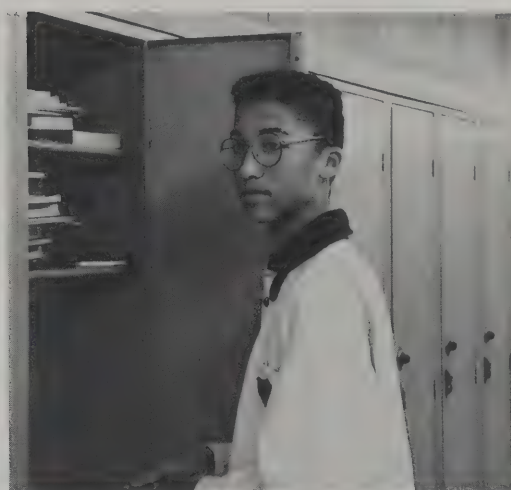

Looks like education and service in the military are a part of the Jumper family. Congratulations for your example of faithfulness in marriage and your professions!

Freshmen Class Officers are: President, Massimo Cataldo; Secretary, Elizabeth Tiedemann; Treasurer, Bradley Krause; Vice President, Mary Beth Woodka.

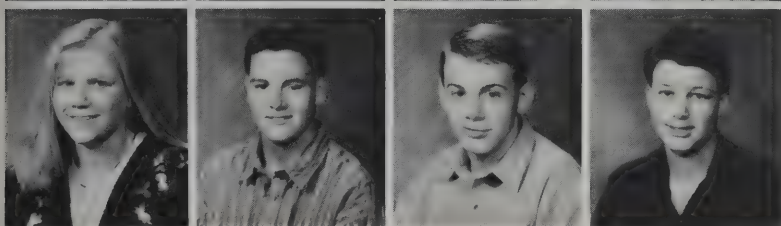

The class of 1996 is the largest at Marian! We've fit right in and have gained that school spirit. We've made new friends and we came together as a class thanks to St. Hedwigs. We have proved to the upperclassmen that we're not so unusual. The freshmen have as much Knight spirit as anyone else.

Sophomore Class Moves Up

Finally, the Class of '95 escaped the persecution they felt as Freshmen, and gained the opportunity to persecute the Class of '96. As these young men and women moved up to the grand title of "Sophomore", they took on new responsibilities, and their fields of knowledge expanded a little more. They got to know each other better, and relationships were tightened by another year of laughs, tears, arguments, weekend recoveries, games, and classes together.

The Class of 1994 is Approaching the Top

Constantly faced with many obstacles, the junior class always managed to stay on top and set a good example as upperclassmen of Marian. They really came together as a class this year working diligently on the magazine sale going above and beyond the goal of \$12,500. They displayed their tremendous spirit by coming in second in the class competition, providing a float to be admired for years to come, and actively participating in the spirit days. In addition to this, Spirit Week was once again a week filled with decorations, participation of the students and the memories that the week holds. The retreat at Lindenwood further united the class spiritually, so they could take on the leadership role as seniors. Yes, the future of the juniors definitely looks bright . . .

Two happy juniors, Ann Fewell and Sarah Wolf, psyched for the night's football festivities.

Jo Ann Romeo is all smiles on the first day of school.

Mindy Hubner works her little heart away at the computer.

Four years ago the class of '93 came in hardly knowing anyone. By the end of our Senior year our friendships will be forever. Senior spirit burned bright all four years but was especially brilliant our last year. We had 100% with an average of 4 per person participation in the calendar sale which gave us both a dress down day and a free day!! We came in with such confidence and high expectations we knew we could achieve anything. The Class of '93 will long be remembered for our contributions to M.H.S. both in the classroom and on the athletic fields. We will never forget our undying spirit and aspirations to be the best that we the class of '93 could be.

Walking down the halls, glancing
 into the rooms,
 Past the closed lockers.
 The whole school a community.
 All for the one, the one for all.
 The smells and sounds familiar
 To those of us who grew,
 Within these printed walls
 It's become a second home.

A home, where ideas are exchanged,
 Knowledge for future generations put
 To help those who cannot help
 themselves,
 To define the future of our world.
 Are old and gray, these years
 Will be the best, our prime days.
 We entered as freshman,
 young and scared.
 We will leave as seniors,
 older and wiser.

The years in between,
 shaped our lives,

Defined us as people, as individuals.
 No longer afraid of the future
 We crossed the threshold
 of childhood.

We are now ready to leave the nest.
 We are ready and willing to embrace
 the future.

Marian helped us through the door-
 way,
 Of adulthood, Of higher knowledge.
 To bad we have to say goodbye.

Like all things in nature,
 The young must leave the nest.
 Marian was our home,
 When we were young.
 But we are mature,
 Ready to spread our wings.
 We must go on, the future is ahead.
 Wipe our eyes, sniffle a little,
 'Goodbye' Marian High.

ADS

This yearbook records those times which are filled with happiness and those filled with sadness. The times of victory and defeat. The times when one door before us closed and another was opened. We would like the opportunity to thank the patrons that made the yearbook possible. We greatly appreciate it!

From The Editor

Producing a yearbook is not as easy as it looks. It takes a lot of hard work, patience and dedication. Being the Editor-in-Chief has been very challenging and a lot of fun. I would like to give credit and thanks to Tom Barry and Chad Slavinskas for their division page art renderings. To the yearbook staff, thanks for all the hardwork and cooperation which made this book possible. To the administration and faculty, I wish to express my appreciation for all your cooperation and understanding while we put the yearbook together. And finally to Sister Grace, I would like to thank her for all her help, understanding and patience, for without her we would have been in a lot of trouble. With all our educational experiences at Marian for the last four years we are now ready to "close the door" and "open a new one" which will lead us hopefully to a happy, healthy, and helpful life as adults.
